VOL. XXV NO. 58.

PADUCAH, KY., TUESDAY EVENING, MARCH 9, 1909.

TEN CENTS PER WEEK

WALLACE PARK WILL BE MADE MORE ATTRACTIVE

Management Plans to Make
the Place a Family
Resort.

Special Arrangements For
Picnic Parties.

BAND CONCERTS EVERY DAY

Wallace park, one of the most beautiful spots in western Kentucky, will be made even more attractive this summer as a family park. To this end Mr. F. E. Heidhead, manager of the Paducah Traction company, has leased the entire park to Mr. William Deal, who already has begun work for the approaching summer with every intention of giving Paducah a park such as never before. It is not the intention to make the park a carnival ground, but more of a pretty place where families may leave the hot city, and get deep breaths of pure air. There will be an abundance of healthy amusements and plenty of sports will be provided.

Both Mr. Heidhead and Mr. Deal are firm in their intention to make the hill a family park. It is the intention to encourage the practice of families taking dinner and supper under trees. Tables will be built on the grounds and every arrangement made, including a plentiful supply of water for the picnickers. Ample police protection will be afforded on the grounds, and women and children will be safe on the grounds alone. Should the carefully laid plans of Mr. Deal fail to make it a family park it is the intention to close it and not tolerate roughness.

Work has begun of preparing flower beds and neat gravel walks will be laid out around the shady trees. The children will be remembered in the plans, for one reason is to get the children to the park and help them grow sturdy. Swings will be placed under the trees, sawsaws, flying Dutchmen and other healthy sports will be provided for the youngsters. For the younger children sand beds will be arranged, where they can pass a whole afternoon in pleasure. Plenty of seats will be provided and the grown-ups will find it a pleasant place to spend the afternoon, eat supper and then return home after a pleasant day in the cool air.

The temperature of the baseball fever is high in Paducah now, and Mr. Deal is dicker with several men with a view of organizing a league, similar to the Kitty League. Should these plans fail it is the intention to have an independent team second to none. However, Mr. Deal is enthusiastic over the prospects of organizing a league. In several days a definite announcement will be made in regard to the plans for baseball.

The lake at the park will be developed this year never before and during the hot days it will be an enjoyable feature. Mr. Deal has closed a sub-contract with Mr. Pearl Grinnell, an experienced man in natatorium, and the water sports will be developed. The lake was drained this winter and according to Mr. Reidhead was given a good scrubbing, and will be kept this way all summer. The boats on the lake have been repaired, and put in first class trim. The aquatic games are expected to be features with the young people.

At the Casino theater the best shows will be on the boards. During the winter Mr. Deal wrote to some of the best attractions and vaudeville teams with a view of getting them here. The high class attractions will be varied and the theater is expected to gain a popularity it has never had before.

Band concerts will be given every day, including a double concert on Sunday afternoon and evening. This feature alone will draw many people to the park. Deal's hand will play to the park and the musical programs will be high class. The dancing pavilion will be open to private and club dances, and it is anticipated on making it one of the best amusements at the park.

This year as never before it is intended to have all of the church picnic and Sunday school outings at the park. It will be easy to reach and every courtesy will be extended to parties. A ten minute schedule will be established by the traction company so that access to and from the park will make it convenient for the business man to meet his family at the park for supper and an evening of pleasure.

The park will be opened May 16.

Mrs. Bowling Dead.
A message was received in Paducah today announcing the death of Mrs. N. J. Bowling at Winpo. She was the mother of F. J. and J. W. Bowling, well known citizens of Paducah.

Russia Prepares For Balkan War by Making Large Appropriations For Army and Navy

Rulers of South American Republics Will Meet on American Warship to Discuss Peace Pact.

St. Petersburg, March 9.—After an all-night session the duma today voted five millions for placing the Balkan fleet in shape for action. Twenty millions was voted to restore army stores depleted in time of the Japanese war. This is said to mean that Russia regards the Balkan war as a certainty.

Peace in South America.
Mexico City, March 9.—Private advices today say President Zelaya, of Nicaragua, has called a conference of Central American republics to meet on American warship at Amapala to consider plans for a permanent peace pact.

New Equipment for Wrecker.
The wrecking crew will have nearly a new train in a few weeks, as three new cars are being built for the wrecker, in addition to a sleeper which will be fitted up in nice style. The cars now used have become weak and worn out from long and hard service.

No Quorum at Springfield.
Springfield, Ill., March 9.—A quorum was not present today and only seven votes were cast in joint ballot for senator. A break in the deadlock is not expected during the week. Assurances were made this morning that Democrats did not intend to take a hand in the fight.

Inspector of Customs.
A civil service examination will be held here March 31 to secure eligibles for the position of inspector of customs to serve on steamboats during the excursion season. The position pays \$3 per day. Information as to the examination may be had at the postoffice.

ARMOR DAY.

Tuesday, March 23, was named as Armor Day today by Mayor James P. Smith, at the request of the ladies department of the Woman's club and the local Forestry association. On that day it is expected that the citizens will bestir themselves and plant shade trees and vines so that the city may be made attractive. In the proclamation all property owners are requested to plant trees on their property and in the grass plots in front of residences.

ATTORNEYS IN NIGHT RIDER SUITS HOLD ANOTHER CONFERENCE AT LOUISVILLE

Although it is given out by attorneys that there is little hope of a compromise in the six night rider damage suits, it is believed that a compromise will be effected, and that the cases will never go to trial. Tomorrow afternoon in Louisville a conference between the attorneys representing both the defense and prosecution will be held, and an agreement may be reached. This morning Attorney Wheeler Campbell and Henry Bennett left for Princeton, and will go to Louisville tonight.

Following the conference at Davidson Springs Saturday a conference with the plaintiffs was held in Paducah yesterday and at the conference tomorrow in Louisville an agreement may be reached. The defendants are anxious for a compromise, but want to have all cases dismissed, and not compromise only a few. It has been stated that Henry Bennett will not accept under \$50,000 as a compromise, while the defendants offer several thousand under this figure.

Rumors are rife that the night riders have warned Bennett that he cannot remain in Eddyville, Dycusburg or Kuttawa or he will be killed. Another rumor is that if the cases are settled that the night riders will begin their depredations again.

WEATHER.

COLDER

Rain and colder tonight, Wednesday much colder and probably snow showers. Highest temperature yesterday, 63; lowest today, 50. Rainfall yesterday and last night, 3.20 inches.

FORAKER APPROVES.
Washington, March 9.—Joseph B. Foraker, ex-United States senator from Ohio, has indicated that he fully approves President Taft's views on the negro question outlined in his inaugural address.
"If I correctly understand what he said," commented Mr. Foraker, "he realizes fully the serious character of this question and intends to do all in his power to bring about a just solution of it."

STRAY DOGS MUST GO SAYS CITY OFFICIAL

All stray dogs must go, and this includes every cur that has not had the city license tax paid. Mayor Smith and Chief of Police Collins have been worrying over the large dog population of Paducah and the small revenue received by the city. Accordingly Mayor Smith has issued a proclamation dooming the life of every dog that does not carry a tag on his collar. Beginning next Monday for every dog on which no city license has been paid, that is delivered at the city hall 25 cents will be paid. This has been deemed as the only solution to ridding the streets of stray dogs.

The city officials are firm in their intention of carrying out the orders and beginning next Monday Johnny's doggie may not return home unless the city license is paid. A rush is expected and the public will be given days of grace until next Monday, although the license was due January 1. As a preventive from boys taking tags off of dogs on which the tax has been paid, a heavy fine will be assessed, as the city officials only want to reach the strays.

The Sick

Mr. B. H. Scott, of 725 Madison street, remains in about the same condition. There has been no radical change for the better or worse since the stroke of apoplexy several weeks ago.

Mr. B. B. Linn, of Fifth and Madison streets, is in a very critical condition from a complication of diseases. Mr. H. P. Linn, of Nashville, a son of Mr. Linn, visited here last week. Mr. J. R. Wilkerson, of Sallito, a relative of Mr. Linn, also visited here last week.

RAIN STORM DOES DAMAGE IN THE COUNTY

Reports from the county indicate that a heavy rain fell during the night as well as in the city. At Maxon Mills the rain was especially hard, and the abutment of a large bridge was damaged, but by hard work the bridge was saved from any great damage. A large number of small culverts were washed away.

The city was flooded by the rain, but no damage of much consequence was done. The gravel streets were washed heavily, but the rain was not equal to the one last week. The western part of the county was soaked with water.

Pay Car Tuesday

Notices were received this morning that the pay car of the Illinois Central railroad would arrive in Paducah next Tuesday, which will be March 16. The car will come to Paducah from East Cairo, and after paying the Paducah employees will leave for the south.

STANDARD'S PARTNERSHIP OFFER IS REJECTED

Jefferson City, March 9.—The supreme court today rejected the partnership offer of the Standard Oil company in overruling the motion for a modification of judgment which contained a proffer of the oil trust to make Missouri a partner in its business. The Waters-Pierce ouster was held up indefinitely and the money paid the clerk of the court for its fine was accepted. A motion of Attorney General Major for immediate ouster was overruled, but the court reserved the right to enforce the ouster decree when it saw fit.

Harrisburg, Pa., March 9.—At a caucus of Republican legislators this morning, George T. Oliver, of Pittsburg, was nominated to succeed Philander Knox in the senate. There was no opposition and he will be elected.

BREAD MATERIAL STEADILY ADVANCES IN MARKET PRICE

Best Flour Selling at \$8 Per Barrel and the Price Still Climbing.

Even Kentucky Corn Bread Expensive.

SPECULATION IS THE CAUSE

If the poor man can exist on water there is every indication that his life can be a happy one as well as inexpensive, but if bread is necessary as a part of his daily diet it is certain that his bank account will dwindle away. Flour, of the best grade, is selling for \$8 a barrel, having taken a jump of 20 cents since Saturday. Other grades are selling all the way from \$7 to \$8. Nor is there any relief by switching to pancakes for just plain old cornmeal is selling at \$1 a bushel, a price that is not reached often by this commodity.

More sorrow is in store for the citizen with a slim bank roll as some of the leading retail grocers say that the price may jump still higher up the ladder. Last week the flour took two sudden jumps, and this is not entirely unexpected by the dealers for this week as some of the largest mills have ceased operating. The present advance in the breadmakers is attributed to speculation, and wheat is selling for \$1.20 a bushel. Some of the dealers declare that they do not anticipate any material decline in the price of wheat until June, when the early wheat around western Kentucky is placed on the market. Still very little wheat is raised in Kentucky, and before flour is back at the old price it may be in the fall. However, the present advance is based on speculation and there could be such a thing as the bottom falling out, and wheat would go down, said one grocer.

No Sales today.

No sales were held this morning at Bohner's tobacco warehouse on account of the growers not being able to bring the weed in yesterday. A large quantity is being received this afternoon and a big sale will take place tomorrow morning.

RAIN STORM DOES DAMAGE IN THE COUNTY

Reports from the county indicate that a heavy rain fell during the night as well as in the city. At Maxon Mills the rain was especially hard, and the abutment of a large bridge was damaged, but by hard work the bridge was saved from any great damage. A large number of small culverts were washed away.

The city was flooded by the rain, but no damage of much consequence was done. The gravel streets were washed heavily, but the rain was not equal to the one last week. The western part of the county was soaked with water.

Pay Car Tuesday

Notices were received this morning that the pay car of the Illinois Central railroad would arrive in Paducah next Tuesday, which will be March 16. The car will come to Paducah from East Cairo, and after paying the Paducah employees will leave for the south.

STANDARD'S PARTNERSHIP OFFER IS REJECTED

Jefferson City, March 9.—The supreme court today rejected the partnership offer of the Standard Oil company in overruling the motion for a modification of judgment which contained a proffer of the oil trust to make Missouri a partner in its business. The Waters-Pierce ouster was held up indefinitely and the money paid the clerk of the court for its fine was accepted. Harrisburg, Pa., March 9.—At a caucus of Republican legislators this morning, George T. Oliver, of Pittsburg, was nominated to succeed Philander Knox in the senate. There was no opposition and he will be elected.

FIRE FOLLOWED IN WAKE OF CYCLONE THAT DESTROYED BRINKLEY, ARK., LAST NIGHT

Private Dispatch Received at St. Louis Says Eighteen Persons Were Killed Outright.

STORM CAME AT 7:30 O'CLOCK WHEN RESIDENTS OF STRICKEN CITY WERE AT SUPPER.

Relief Trains Rushed to Scene From Nearby Points--Brinkley a Town of 3000 Inhabitants and Prominent Railroad and Business Center.

Helena, Ark., March 9.—2 p. m.—Eighteen white people and twenty negroes are the latest estimate of the dead at Brinkley, besides forty persons severely injured. Only six houses remain standing amidst the ruins, every business house being totally or partially destroyed. The residents are apathetic and don't seem to realize the seriousness of the catastrophe. They are leaving a large part of the work of rescue to relief workers who came on special trains. Two trains arrived shortly after daylight and the relief work was begun. Bodies of the dead will be sent to Helena, where they will be prepared for burial. The wounded are being sent to nearby cities for treatment and work of clearing debris from the streets will be begun immediately.

Helena, Ark., March 9, 2:30 p. m.—Those identified are Porter Foot, J. L. Starrett, Henry Stovall, Jr., Mrs. Phillips, Mrs. Barden, Charles Frenze, Mr. and Mrs. Hood.

EIGHTEEN ARE DEAD.
St. Louis, March 9.—J. A. Stoker, a former resident of Brinkley, received a message this morning saying eighteen were dead.

Governor GOES TO SCENE.
Little Rock, March 9.—Governor Donaghey left at noon for Brinkley on a special supply train. A telegram to him from the mayor of Brinkley said not a business house remains undamaged. Latest reports here are that eighteen are dead and a million dollar property loss. The estimate of negroes killed runs from four to twenty-four.

HEAVY LOSS AT MALVERN.
Malvern, Ark., March 9.—Twenty-five thousand dollar loss here as a result of last night's tornado. Heavy damage was done in surrounding towns. The storm lasted about ten minutes. It was preceded by almost total darkness.

Paducah Relatives.
Many residents of Paducah have friends and relatives at Brinkley, and a number of inquiries have been received at The Sun office today from people anxious to learn the fate of their friends.

Telegraph communication with the stricken town has been impossible and the press has been forced to get reports in indirect manner from points 25 miles away from the scene of the tornado.

Forrest City, Ark., March 9.—Brinkley, Ark., 20 miles west of here, on the Choctaw railroad, was completely wiped out by a cyclone at 7:30 o'clock last night, and every house in the community demolished. Eight persons are known to be dead, and several hundred seriously or mortally injured. The debris of the demolished houses is on fire and the loss will be terrible. Wires are down in all directions from Brinkley, and information is hard to get.

Among the dead are the following: Daughter of T. W. Bunch, Mr. Foot, a merchant; Mr. Starrett, a merchant.

Every doctor in Forrest City, the fire companies and all the fire fighting apparatus and a hundred or more nurses and helpers left here at 12:30 o'clock for Brinkley to render all the assistance possible to the homeless and suffering ones. Other towns along the Choctaw have been called on for help and are rushing assistance to the scene.

First News From Wheatley.
The first news of the holocaust came about 9:30 o'clock last night from Wheatley. A Rock Island telegraph operator, Mr. Kimmel, walked over from Brinkley and called up the railroad officials here and gave them what particulars he had. He was in the depot at the time the storm struck the town and got away as fast as he could. He saw the three depots blown to the ground, several stores and many dwellings dashed to pieces and heard the cries of the hundreds who were injured by the demolition. Before leaving he learned that eight people were dead, but could get only three names, those given above, all white, and saw several fires start up in different parts of the town, adding to the confusion and completing the work of destruction.

Mr. Kimmel came to Wheatley at once to send out the appeal for help, and did not get full particulars, but he says that the town is wholly destroyed and the loss of life will be

Gould Men Control

St. Louis, March 9.—Annual meetings of the Missouri Pacific and Iron Mountain road were held here today. The report that Harriman men would be elected was unfounded. The Gould forces are still in control. George Gould being a director of both roads. No Harriman men were elected.

MANUFACTURERS' EDITION OF SUN TO BE ISSUED

Object to Promote the Growth and Stability of Our Growing City.

Will be Published in the Sun in April.

BE HANDSOMELY ILLUSTRATED

In the course of a month the Paducah Evening Sun will issue one of the handsomest and most comprehensive Manufacturers' Editions that has ever been attempted in this section of the country. Data is now being compiled and the work thus far promises to surpass any publication that has been issued in Paducah. The object of issuing a Manufacturers' Edition is to stimulate all branches of commercial activities, representing manufacturers, banks and commercial houses. The work will be prosecuted with vigor and the greatest attention will be devoted to accuracy in compiling these articles. A special writer who enjoys a long journalistic career on some of the highest papers in the west will have charge of this publication, and will set forth facts and figures of Paducah's past growth and present business condition. Manufacturers and banks and progressive retail houses have already responded to this work by engaging space and it is to such public-spirited citizens that the loyalty of Paducah will be maintained. Handsome illustrations will be represented in this work and practical attention will be devoted to attracting outside capitalists to locate in Paducah, which city offers unrivaled transportation facilities, reasonable freight rates and liberal inducements to outside manufacturers. The making of a city is largely due to the progressiveness of its citizens and now is the time for the leading business men to pull for Paducah and maintain her supremacy in the manufacturing field. General information will be given in this Progressive Paducah Edition and it will be a most valuable newspaper in every detail.

W. O. W. Meeting

Winchester, Ky., March 9.—At the state convention of Woodmen here, Hainey T. Wells, of Murray, made the response to the address of welcome.

CHILD BATS POISONED MEAT THROWN TO DOGS

Will Baskerville, colored, was arrested today by Constable A. C. Shelton on a charge of destroying property not his own. Baskerville is alleged to have put some poison on meat and thrown it into the yard of J. A. Morrison, of Eleventh and Harrison streets, with the view of killing two dogs, which were supposed to have killed some chickens of Baskerville. Martha Morrison, two years old, found the meat, is said to some of it. She was violently ill for some time, but quick work with the stomach pump saved her from death. One of the dogs died.

DEFENSE ATTYS MAKE PLEA OF SELF DEFENSE

Nashville, Tenn., March 9.—Just four months from the time of the shooting of Senator Carmack attorneys for the defense began arguments in an endeavor to secure the freedom of the men charged with his murder. It is weeks, counsel for the defense, asked for acquittal of the defendants in the grounds of self-defense. Mrs. Carmack was not present today, being ill at her hotel.

TOWN TORN OVER DANCING QUESTION

Normal School President De-
nounced by Evangelist.

Crowd of 300 Assembled With Intent
to Duck Professor Lord in the
Campus Pond.

LET'S THE STUDENTS WALTZ

Mattoon, Ill., March 7.—The climax of an altercation between President L. C. Lord, of the Eastern Illinois Normal school in Charleston, twelve miles east of this city, and the majority of the inhabitants of Charleston, was reached Saturday when a mob of 300 persons gathered on the campus with the avowed intention of ducking the head of the institution in the normal school campus pond. Cooler counsel prevailed, but the quarrel, which has been growing nearly a week, is likely to break out again at any time.

The inception of the difficulty lies with the sanctioning of dancing in the buildings of the school by President Lord. The climax was reached when the Rev. Orland Nichols, a traveling evangelist, publicly denounced Professor Lord from the pulpit of the Charleston Christian church.

Evangelist Denounces Lord.
"President Lord has made a bad mistake in upholding dancing, card playing and wine drinking," he said. "President Elliot, of Harvard, may do these things, but he can not be aped by the head of a school supported by the people of Illinois without a protest from the people."

A letter was received and read by the evangelist in which a mother told of sending her son to the normal school to prepare him for a theological seminary, and said President Lord has deluded his mind and that he would not fulfill her wishes.

Mr. Nichols also paid his respects to Professor Lord, who is said to give more time and attention to teaching students the intricacies of the waltz and two-step than to his class work.

Student Given a Ducking.
The students desired to suppress news of the trouble, and George M., a young man living in Windsor, a second-year student, who was suspected of furnishing a Mattoon paper with information, was seized Friday night by a crowd of 200 students and thrown into the campus lake. A feeble attempt by the authorities of the school to punish the offenders was made, but the ringleaders are said to have escaped.

President Lord has answered his

Baby Laugh

It belongs to health for a baby to eat and sleep, to laugh and grow fat.

But fat comes first; don't ask a scrawny baby to laugh; why, even his smile is pitiful! Fat comes first.

The way to be fat is the way to be healthy.

Scott's Emulsion

is the proper food, but only a little at first.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World." **SCOTT & BOWNE, 409 Pearl Street, New York**

critics in one or two lengthy interviews. He says he prefers to have his students dancing in the school's buildings and under the faculty eye than in public dance halls in the business section of Charleston, as they have done. Furthermore, he cites the example set by the University of Illinois. He denies reports as to his discouragement of young men wishing to enter the ministry.

PILES CURED IN 6 TO 14 DAYS.
PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 4 days or money refunded. 50c.

AUTOMOBILISTS

MUST CONFORM TO SPEED LAW
OR PAY PENALTY.

Chief of Police Issues Orders for
Strict Enforcement of the
Ordinance.

The speed law will be a real live one, and the automobilist accustomed to his daily spin down Paducah streets will have to let his machine creep at the rate of eight miles an hour. Numerous complaints have been made over the fast driving of some cars, and Chief of Police Collins has issued orders that all machines must run at a rate as allowed by the city ordinance. The ordinance has been in force for many months but has never been enforced to the letter, and the owners of high power machines have had pleasure in whizzing through the city. Bicycles are also included in the order.

MANY DUTIES FALL TO MRS. TAFT

Social Life of White House in
New Hands.

New Mistress Well Equipped to Meet
the Situation—Bridal to Make
Changes.

PROMISE INFORMAL FUNCTIONS

Washington, March 9.—Mrs. William Howard Taft, "first lady of the land," has assumed duties without public ceremony or oath of office, which in weight of responsibilities, magnitude of importance, delicacy of execution and absolute lack of compensation except the love of her husband, the president, and loyalty to the nation as its first woman, have no comparison.

President Taft is charged under his oath with "executing the office of president." Mrs. Taft is charged, without oath, with administering the social and domestic affairs of the white house in a manner consistent with allowing that revered and historic pile to be the public property of the nation and at the disposal, without hindrance, of its eighty millions of citizens, and at the same time be the official place of entertainment of the representatives of foreign nations and domestic dignitaries.

Has Had Much Experience.
Mrs. Taft will execute these requirements primarily by means of her long experience in public life. As the wife of Mr. Taft she was "first lady of the land" in the Philippines; she was his wife as a federal judge and as a cabinet minister. In the latter position Mrs. Taft learned the requirements of Washington society and at the same time she became an intimate of Mrs. Roosevelt, and from her learned the detailed operation of white house etiquette.

It was from this intimacy, to which is added a thorough discussion and mature consideration, that Mrs. Taft is today in full possession of the detailed requirements of her position, and is already making the minor changes in the administration of the executive mansion necessary to meet her ideas. That these ideas will meet with general approval when they are understood is a confident prediction.

Footman Succeeds Police Officer.
The addition of the executive office building permits of an entire divorce of the official business of the president from the white house proper, and this added facility is to

Made of Forest Roots

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and, in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his

"Golden Medical Discovery"

which has proven itself to be the most efficient stomach tonic, liver invigorator and blood cleanser known to medical science. Dyspepsia, or indigestion and torpid liver yield to its curative action.

The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements is

Dr. Pierce's Favorite Prescription,

as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper. Don't accept secret nostrums as substitutes for these medicines of KNOWN COMPOSITION.

LIVESTOCK.

Louisville, Ky., March 9.—Cattle—

Receipts 1,200 head, rather a light supply for Monday, and trading ruled fairly active on all desirable kinds of butcher cattle; choice handy weight butchers firm and 10¢ 15¢ higher; heavy butchers steady and the medium and common kinds were just about steady.

There was a good demand for the better grade feeders and stockers at steady prices; common light trashy stock cattle were extremely dull, hard to find an outlet for and prices in most instances as much as 10¢ 15¢ lower than a week ago. The bull market ruled steady; canners and cutters unchanged.

Choice milk cows steady. Heavy shipping cattle just about steady. The pens were fairly well cleared. We quote shipping steers, \$4.50 @ 5.75; beef steers, \$3.00 @ 5.25; fat butchers and cows, \$3.00 @ 4.75; cutters, \$2.00 @ 3.00; canners, \$1.00 @ 2.00; bulls, \$2.00 @ 4.00; feeders, \$3.00 @ 4.15; stockers, \$2.25 @ 1.25; choice milk cows, \$3.50 @ 4.50; common to fair, \$1.50 @ 3.50.

Calves—Receipts 206. The market ruled about steady; bulk of the best veals, 7¢ 7½¢; some choice veals higher; medium 5¢ 7¢; common 2½¢ 5¢.

Hogs—Receipts 6,380. The market opened 5¢ lower on pigs, but steady on all others; selected corned hogs, 160 lbs. and up, \$6.65; 130 to 160 lbs. \$6.15; pigs ranged from \$5.10 for light pigs to \$5.35 for heavy pigs; roughs, \$6.00 down. Hogs from doubtful sections very hard to sell, even under guarantee with 1¢ per pound off on all soft or oily.

Sheep and lambs—Receipts 137. The market ruled steady on choice sheep and lambs; best lambs about 6¢; some fancy higher; culls, 3¢ 5¢; fat sheep, 4¢ down. No demand for common trashy sheep or thin cull lambs.

St. Louis, March 9.—Cattle—Receipts 3,500, including 200 Texans; native market 10¢ 15¢ higher; Texas strong; native beef steers, \$4.00 @ 7.35; cows and heifers, \$3.00 @ 6.40; stockers and feeders, \$3.50 @ 5.40; Texas and Indian steers, \$3.50.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannott, in the Maryland block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10¢ in stamps for sample to The Herpicide Co., Detroit, Mich. \$1.00 bottles guaranteed.—R. W. Walker Co., Special Agents.

APPLE WEEK

Rather unusual, isn't it? But we have just received the largest single shipment of fine apples which has ever come to Paducah and a celebration of some sort is in order.

These big, rosy, magnificent fellows come from the famous orchards of Washington, Oregon and Idaho, sound as a dollar and hand-selected. Take advantage of the

News of Theatres

"A new performance every season" is the motto and aim of J. A. Coburn's Greater Minstrels, which comes Thursday. Manager Coburn believes the people want new songs, new jokes, new specialties, and new vaudeville.

The clerical endorsements of "The Holy City," the Biblical drama by Clarence Bennett, which is to be offering at the Kentucky Theater, on Monday, March 15, run into thousands. It has been the custom of the management for several years to invite the clergymen of all denominations to attend a performance of the play and not one single unfavorable word of comment has yet been heard from them.

"Polly of the Circus" comes to this city on Wednesday, March 17, for two nights. Dainty, winsome Edith Talfarero plays the role of Polly. This play comes to the Kentucky with the endorsement of New York's critical theater-going public, and deals with the life of a sweet little flower of the ring whose mother was killed while performing on horse back. It shows the efforts of the clown and his friend to bring the child up, and who, despite their hard lives, know that out beyond their ken, is a life of better things, and for which they strive to give Polly. Finally after she has been hurt while performing in a small town and she has been taken to the parson's rectory, the two make up their minds that this is the first step in the right direction for Polly's future, and they leave her there sorrowful in their leave taking, yet conscious that she is something apart from the life of paper hoops and painted clowns; and must be given every chance to attain the splendors which they plan shall come into her life. How they did and Polly's joys and sorrows in her new life form the theme of the beautiful play.

C. Q. D.
They were talking about the wonders of wireless telegraphy. "And 'C. Q. D.' is the signal for distress," remarked the pretty co-ed. "Yes," laughed the big freshman. "I always use those letters when I send a distress message to the old folks at home." "Really? And what does 'C. Q. D.' stand for?" "Cash quick, dad,"—Chicago News.

HABIT'S CHAIN.

Certain Habits Unconsciously Formed
and Hard to Break.

An ingenious philosopher estimates that the amount of will power necessary to break a life-long habit would, if it could be transformed, lift a weight of many tons.

It sometimes requires a higher degree of heroism to break the chains of a pernicious habit than to lead a forlorn hope in a bloody battle. A lady writes from an Indiana town:

"From my earliest childhood I was a lover of coffee. Before I was out of my teens I was a miserable dyspeptic, suffering terribly at times with my stomach."

"I was convinced that it was coffee that was causing the trouble and yet I could not deny myself a cup for breakfast. At the age of 36 I was in very poor health. Indeed, my sister told me I was in danger of becoming a coffee drunkard."

"But I never could give up drinking coffee for breakfast, although it kept me constantly ill, until I tried Postum. I learned to make it properly, according to directions, and now we can hardly do without Postum for breakfast, and care nothing at all for coffee."

"I am no longer troubled with dyspepsia, do not have spells of suffering with my stomach that used to trouble me so when I drank coffee." Name given by Postum Co., Battle Creek, Mich.

Look in each pkg. for the famous little book, "The Road to Wellville."

Fire and Police Commissioners.
No meeting of the police and fire commissioners was held last night owing to the illness of Col. R. H. Sutherland and the absence from the city of Dr. John Bonds. Nothing of immediate importance was scheduled to come before the board, and the continuance of the meeting until next month will cause no dissatisfaction.

Daily Thought.
 The best way to worship the heavenly child is to give every child some heaven.

Now we know all the women will come out for woman's suffrage. Dr. Mina McEachern, of Denver, says that it adds Cupid, it makes the women more feminine, and as a result the men are more attentive.

The suffragettes of New York City, realizing that their strongest opponents were among the newspaper men of that city, made a night raid on Park row Saturday night on a crusade of conversion. We are anxious to learn the results.

Mrs. Sage is giving evidence every day that she knows how to best dispose of the Sage millions, for the benefit of mankind. In addition to all the good work she has done, she has just bought up a tract of land near New York City on which she will erect modern tenement houses after the English style.

Delaware still clings to the whipping post, as a punishment for crime. Saturday was the biggest whipping post day in the criminal record. Eighteen culprits were whipped, for various offenses, and 255 lashes were inflicted. As a genuine cat-o'-nine tails is used a total of 2,295 stripes were laid across the backs of the unfortunate men. None, however, were severely whipped.

The immortal play is to be retired. A. L. Erlanger, head of the theatrical syndicate, has announced that not one of the immortal shows, which are running in New York, and which have started such an outcry against the immorality of many of the present day theatrical offerings, will be booked in any of the houses with which he is connected throughout the country. Only a few days ago the Frohman made the same announcement, and it seems the passing of such plays is at hand. Credit this to popular prejudice, and demand. Yet we say the world is growing wiser and wiser.

TRADE OF MARS IN TIMES OF PEACE.

Mars, god of war, is always busy burnishing his shield for the new job to follow. Haggard conferences may come and go and the Haggard tribulations go on forever, with its chorus of non-combatants around the civilized globe, but the calculating empire or republic, apparently settling at naught all its professions of peaceful intent, continues inventing new forms of refined destructions to circumvent the other fellow's recent invention or improvement. The trade of war is most active in times of peace, says the Evansville Journal-News. Wits and ingenuity are never idle. The torpedo brought its match and toll in the torpedo boat destroyer, in thickened armor plate, in guns of longer range and greater initial force. The submarine boat headed a new chapter of possibilities and the balloon comes along as a perfected instrument of overhead play in the armed bloodshed of the future. All of the great powers save the United States are devoting vast sums to experiments on aerial warfare. It remains

for Germany to strike a device that may checkmate the balloon. It is an armored motor car, equipped with special guns that will shoot 3,000 feet straight up into the air and penetrate a balloon's gas container. Possibly the next step will be to get a bullet-proof balloon, or else to drop aerial warfare as no more than an experiment and devise some new and unsuspected instrument of slaughter. What's it all for? They tell us that the best protected nation will never get into war. As Mr. Dooley says, commenting on the trip of the American fleet around the globe: "It was a good thing for the politeness in the world. Didn't ye ever notice how respectful every body is to every body else in a town where every man carries a gun?"

Kentucky Kernels

George Messer and Martha Lewis, indicted at London on the charge of robbery, were arrested at Lexington. The body of Belt Wood, the jockey killed in a race at Los Angeles, Cal., was buried at Frankfort, his native home.

A peek of vicious-looking knives were found on prisoners in the Frankfort penitentiary after a general search was made.

A little daughter of J. W. Wallen, of Louisa, was probably fatally burned by her clothing becoming ignited at an open grate.

John Pearce, a Franklin county tobacco grower, fell over an embankment on the roadside near Frankfort and was instantly killed.

The Frankfort and Cincinnati railroad has installed telephones on its line between Frankfort and Paris for dispatching its trains.

The Democrats of Lawrence county will hold a "no-money-no-whiskey" primary on April 17. The Republican primary will be held April 3.

Herbert Humber, colored, was shot to death by Walter Jones, a negro, in a skating rink at Crab Orchard. Jones claims self-defense.

Business men of Richmond plan to give a horse show with \$5,000 in prizes on the Madison county fair grounds three nights about the middle of July.

Joseph C. Stolzer, while being shaved in a barber shop at Covington, grabbed the razor from the barber and slashed his throat from ear to ear, dying instantly.

Edwin Roberts, a youth of Frankfort, was seriously injured while handling a dynamite cap which accidentally exploded. He may lose the sight of one eye.

Samuel Young, a farmer of the Athens neighborhood of Fayette county, shot and seriously wounded Henry Watts, a negro. Young claimed the negro snapped a pistol at him.

W. B. Burton, Democratic nominee for representative in Garrard county, has resigned the nomination. George T. Harris and S. D. Cochran are mentioned in connection with the vacancy.

Col. John T. Shelby, the Lexington attorney, is being boomed for federal judge of the eastern district of Kentucky, to succeed Judge A. M. J. Cochran. In the event the latter is elevated to the federal court of appeals.

INTERESTING

PROGRAM AT THE HIGH SCHOOL, WEDNESDAY.

"Golden Age of Greece" Will Be the Subject Discussed—Musical Program Arranged.

Tomorrow afternoon the public schools will be dismissed at 2:30 o'clock in order that the teachers may attend the talk at the High school by Mrs. Mildred Davis on "The Golden Age of Greece." In addition to the talk the following musical program will be held:

Plano duet—Miss Madeline Cooke and Miss Aline Utterback.
 Cornet solo—Robert Bondurant.
 Snare drum solo—Master Harry Utterback.
 Thursday morning at opening exercises the Rev. J. H. Henry, pastor of the Kentucky Avenue Presbyterian church, will deliver a short talk to the pupils.

Basement Flooded.
 Backwater invaded the basement of the McKinley school building yesterday afternoon, and reached a sufficient height to flood the furnace and extinguish the fire. The pupils were dismissed, but this morning the school session was resumed. One of the sewer pipes was clogged, but Fred Hoyer, the superintendent of buildings, remedied the defect and aside from being damp in the cellar, the building was in good condition.

Arbor Day Proclamation.

At the request of the president of the Forestry association and of the civic department of the Woman's club, I appoint Tuesday, March 23, local Arbor Day, requesting all property owners who have not already planted trees on their property, the grass plots on pavements in front of homes, to do so. The park commissioners are requested to do all necessary planting on property under their supervision. Beautiful shade trees and shrubs can be had at very small cost. Pleasing results to all will follow a proper observance of this day. I earnestly hope all citizens will manifest a public-spirited interest in making the day one of permanent benefit to our city. Respectfully,
 JAMES P. SMITH, Mayor.

CONFERENCE AT WHITE HOUSE

Taft, Cannon and McVeagh Discuss Finances.

An Inheritance Tax May Be Necessary to Raise Revenues—Also Stamp Tax.

DISCUSS TARIFF REVISION.

Washington, March 9.—The problem of financing the government, providing necessary funds to carry on the projects under way and maintain the plans of the Taft administration, and making demands square with the new tariff schedule—is the work with which President Taft, Senator Aldrich and Speaker Cannon and Secretary of the Treasury McVeagh were engaged at a two hours' conference this afternoon.

The necessity for the enactment of a tariff bill at the earliest possible moment was discussed, there being little reference to the details of the proposed legislation. Whether a definite policy was outlined at the conference could not be stated. That the manufacturers and other large interests are demanding early tariff legislation, and that the business for the present will continue unsettled until tariff schedules are fixed by congress, were the principal reasons given for the desire to permit nothing to interfere with prompt action by congress at the special session.

Possible delay which the house "intrusions" may cause by the promulgating of the fight on the rules, and further difficulties that may be put in the way of getting the tariff bill through without delay, were thoroughly gone into. The conference agreed that every Republican in the house and senate is pledged by the party platform to let nothing interfere with immediate revision.

Taft told the tariff framers that next Saturday his special message on tariff revision would contain no reference to the specific schedules. Taft, however, made a consistent fight for a genuine revision and has let it be known that he would be satisfied with nothing else.

In his inaugural address he frankly called attention to the one hundred million dollar deficit which confronted his administration and he suggested the possible necessity of an inheritance tax to make up some of the future revenues. MacVeagh has allowed himself to be quoted as to the possible necessity of a stamp tax.

It is certain that since the conference today there is a more definite understanding as to what may and what may not be desired of the proposed new tariff as a revenue producer.

MacVeagh was sworn in at 3 o'clock and an hour later he was in conference with the president, the speaker and the leaders of the senate.

IF IT'S ONLY A HEADACHE

Why Correll's Headache Liver Pills will cure that 10 cents. All Druggists.

NO HARM IN A KISS.

Magistrate Fines Three Men Who Interfered With Loving Couple.

New York, March 9.—Not only is it no crime to kiss your sweetheart, but you are entitled to kiss uninterrupted, according to a decision of Magistrate Corrigan, rendered yesterday in the Jefferson Market police court. Maxwell Meditch and Carmen Rogers were ending good night in a hallway in West Fifty-seventh street Saturday night, when three Frenchmen passed and objected. When arraigned yesterday the magistrate heard the testimony and then said: "That's all right. You're going to fine you each \$5. Next time you come across two lovers saying good-night, you'll know how to behave. We've got too many censors of conduct in this town already."

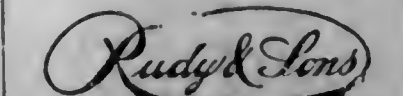

YOU DON'T HAVE TO WAIT.

Every dose makes you feel better. Lax-Foo keeps your whole insides right. Sold on the Money-back plan everywhere. Price 50 cents.

Blessings of poverty may look good to the millionaire.

Our shoe repairing is in a class by itself. Best—quickest. We repair shoes so they're good for more service. Phone 102. We'll send and get your shoes and return them quickly.

Women's, sewed or peg	50c
Women's sole and heel	75c
Ladies' turned sole	\$1.00

Best Stomach Remedy Free

It is an old saying that if the stomach is sound the whole body is safe, because so much depends upon the proper working of the stomach. Many persons find themselves with a disorder of the stomach which produces dyspepsia or a peculiar state of biliousness.

If you suffer from both stomach trouble and constipation you are on the way to a very serious disease. From just such conditions come appendicitis, rheumatism, skin diseases and similar disorders, because the waste matter that should have been expelled from the system through the bowels has found its way into the blood and vitiated it. What is needed at this point is not simply a violent cathartic tablet or salt, which usually does more harm than good, but a gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which people have been using for these ailments for nearly a quarter of a century. It cured J. C. Latham, of Warrenburg, Mo., of stomach trouble of long standing, also William Volk, of 935 Ellison St., Louisville, Ky., who had had the trouble for fifteen years.

However, if you have stomach trouble you want to know from personal experience what Dr. Caldwell's Syrup Pepsin will do for you. If so, send your name to the doctor and a free trial bottle will be sent you. You are urged to send for the free bottle, as the results from it will be a recommendation of Dr. Caldwell's Syrup Pepsin. Then you will do as over two million people did last year—go your doctor and get a regular bottle at 50 cents or \$1, according to the size you prefer. We could mention hundreds of other cases, but you can never get a member of the family will need a laxative and this is the time should have had taking Dr. Caldwell's Syrup Pepsin.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 1111 Broadway Bldg., Monticello, N. Y.

RIVER NEWS

River Stages.

Pittsburgh	7.9	1.0	rise
Cincinnati	34.6	1.2	rise
Louisville	12.1	0.8	rise
Evansville	35.0	1.1	fall
Mt. Vernon	39.9	1.0	rise
Mt. Carmel	13.2	1.5	fall
Nashville	19.3	1.7	rise
Chattanooga	11.5	0.9	rise
Florence	8.5	0.5	rise
Johnsonville	18.3	1.7	fall
Calto	46.1	0.1	fall
St. Louis	14.7	1.3	rise
Paducah	42.7	0.2	fall
Burnside	32.2	1.5	rise
Carthage	15.1	1.4	rise

The Ohio will remain about stationary at this place, then fall slowly.

River stage at 7 o'clock this morning, 42.7, a fall of 2 since yesterday morning. The river fell very little on account of the heavy rainfall yesterday and last night which was almost three inches. A strong wind started blowing from off shore this morning and is causing some trouble to steamboat traffic. The wind made it very hard for boats to land.

Another one of the big Pittsburgh combine towboats passed this port yesterday afternoon at 4:30 o'clock. The J. B. Finley was the last boat to pass on her way from Louisville to the lower Mississippi. She had about 25 loaded coal boats in tow. The Finley tied up just below Metropolis overnight. Word has been received here that the Sprague, the largest of the combine boats is on her way down the Ohio with a big tow of coal. She will be due to pass here in the next 24 hours.

Arrivals—Clyde from the Tennessee yesterday evening at 5 o'clock laden so heavily with freight that her guards were in the water. She had 27 cars of lumber and peanuts for Joppa and Metropolis and 16 hogheads of tobacco and some black locust timber for this port. Dick Fowler from Cairo at 9 o'clock tonight. George Cowling from Metropolis this morning and this afternoon, doing a good business. W. T. Hardison from Joppa, where she delivered a few of Cumberland river ties. John S. Hopkins from Evansville and way landings this morning, with a big passenger list and a big cargo of freight. Morgan from the Tennessee last night with a big raft of logs for Metropolis.

Departures—Dick Fowler for Cairo and way landings this morning at 8 o'clock with a number of passengers and a good freight list. Cowling for Metropolis this morning at 11 and this afternoon at 4:30 o'clock. Clyde for Metropolis and Joppa last evening at 7 o'clock to unload and receive freight. Hopkins for Evansville and way landings at noon today. Eagle for St. Louis today with two barges of logs. American for the Cumberland today after ties. She was delayed yesterday in getting away. Richardson for Cash Island this afternoon to load corn for Nashville. She will leave tomorrow at noon for Nashville and way landings. W. T. Hardison for the Tennessee after a tow of ties for Joppa. Morgan for Metropolis this morning with a log raft containing 1,500 logs.

Capt. Hugh Crouse went out on the steamer Dick Fowler this morning as pilot. Herbert Rush, who was pilot, has resigned.

The Clyde will return to this port tonight and will receive freight all day tomorrow preparing to leave for the Tennessee tomorrow evening at 6 o'clock.

The Richardson did not go to Clarksville yesterday on account of having some light repairs to make to the fire box.

Monaja flour is pure and every package fully guaranteed.

Rubber stamps, seals, brass studs, etc., at the Sun office.

WEATHER MAN DELIVERS ALIBI

Apologizes to President Taft For Inaugural Storm.

Admitted That He Had Waited Several Days In Some Thoroughly Believed Calling.

PRESIDENT RECEIVES CALLERS.

Washington, March 9.—Just how it happened that there was such a blizzard in Washington on March 4 and in the face of his telegram to Mr. Taft on the night of the third that the weather would be clear, was explained to the president yesterday by Willis L. Moore, chief of the United States weather bureau. Prof. Moore admitted he had waited for several days in some timidity before attempting to "pay his respects" to Mr. Taft. Mr. Moore had an explanation which he brought to a climax with all sorts of proof that no such "highs" and "lows" ever before produced such a snowstorm.

The "Original Roosevelt Club" from St. Paul, got into the White House today and brought back vivid memories of former times. The club was under the guidance of Hugh T. Halbert, seventy-five years old. Mr. Taft accorded them a warm reception in the east room.

The British ambassador and Mrs. Bryce paid their respects to the president and Mrs. Taft today, as did Gov. Ide, of the Philippines. A number of other callers were received in the residential portion of the mansion.

Notice to Contractors.

Bids will be received by the Board of Public Works at their office in the city hall, at 3 o'clock p. m. on Tuesday, March 16, 1909, for building a brick smokestack at the city light plant, as per plans and specifications on file at the office of the city engineer.

BOARD OF PUBLIC WORKS.

By L. F. Kolb, Secretary.
 H. A. Washington City Engineer.

Mr. J. H. Rogers, of the Nance & Rogers undertaking firm, has returned from Hopkinsville, where he sold out his undertaking business. Mr. Rogers will bring his family to this city the first of April.

WHY NOT STOP THAT ITCH?

10c Will Bring a Sample Direct From the D. D. Laboratories.

Is it worth 10 cents to you to stop that awful agonizing itch?

If you are afflicted with skin disease, the kind that seems to baffle medical treatment, and leaves you wild with itch, we hope you will not fail to investigate a prescription which is now recommended by many of the best skin specialists, even in preference to their own prescriptions. It is the simple, soothing oil of wintergreen compound known as D. D. Prescription and sells at \$1.00 a bottle. But a 10-cent sample bottle must convince you that the itch is instantly allayed by this prescription. Get a liberal sample bottle of the healing, soothing, external remedy, D. D. Prescription—and see!

We feel quite sure that before long you will be cured, and at any rate we know—KNOW POSITIVELY—that your itch will be allayed instantly, the minute that soothing liquid is applied to the skin.

Write direct to D. D. Co., 112 Michigan St., Chicago, enclosing 10 cents for the sample bottle.

McPHERSON'S

Drug Store

Sole Agents: Reall, Hayler & Eastman's, Vinol.

A Tonic or a Stimulant?

Ayer's Sarsaparilla is a tonic. It does not stimulate. It does not make you feel better one day, then as bad as ever the next. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic. Ask your doctor all about this. Trust him fully, and always do as he says.

GOV. WILLSON WILL SERVE FOUR YEARS

As Governor of Kentucky if He Lives.

Will Not Resign to Accept Appointment to Federal Bench to Succeed Judge Cochran.

HAS NO POLITICAL AMBITIONS.

Frankfort, Ky., March 9.—One of the hot tips from Washington last week was that Gov. Willson would be appointed to succeed Judge Cochran, in case the latter is promoted. This is not good political "dope." To take the place Gov. Willson would have to resign as governor now and that would require an election in Kentucky this fall to fill out the unexpired term of Gov. Willson.

"I will serve out my term as governor and will not give it up for any reason, if I live," said Gov. Willson the other day when he was asked about the tip that he would be appointed to succeed Justice John M. Harlan. "I was elected governor of Kentucky for four years and I am going to serve four years unless I should die."

The governor was in earnest, too, meant just what he said and this sets at rest any talk about the governor being appointed to any of the various offices of which rumor has it he has been thinking. It was thought that he would get the place now held by Justice Harlan, on the supreme bench, and that still is not at all improbable, but it will be after his term of governor has expired. Here is the way Gov. Willson talks about such things:

"My ambition is to be governor of Kentucky, to make a good governor and further than that have never thought. I have no other political ambition. I made up my mind that the only way to make a good governor was to put aside all thought of politics and other offices and keep myself free so that I could not be accused of building up a machine or doing anything for political reasons. I am going to serve out my term as governor and after that I do not know what will happen."

—Delicious ice cream, absolutely pure, 50c quart. Nothing better can be made. Telephone orders to 313 D. H. Wilson.

President Taft

A new in the city of Paducah and will be pleased to have all call and see him at the Kozy theater Wednesday from 1 o'clock until 10:30. This is the greatest feature picture ever produced, showing the inauguration of President Taft, the city of Washington, the army and navy buildings, the White House, Washington monument and the city's most beautiful buildings. This is an actual photographic reproduction of the inauguration and the city of Washington. Don't fail to see it. At the Kozy Wednesday, the 10th. Only one day.

PREVENTS TAMPERING WITH WHISKY CASES.

Frankfort, Ky., March 9.—Kenner, inventor of the firm of E. H. Taylor, Jr. & Sons, has been granted a patent upon a nail for whisky cases which cannot be pulled without tearing the box and exposing that it has been tampered with. Kentucky distillers for years have suffered greatly from skillful opening of cases in shipment in the extraction of one or more bottles and substitution of empties in their place. This invention is hailed as a boon to shippers of case goods.

Royal Arch Meets.

The Royal Arch chapter of Masons will have a short meeting tonight, after which the members of the Paducah Commandery of Knights Templar will prepare for the inspection, which will be held March 25.

FINE PERFUMES

In the finer odors, both foreign and American, we stand pre-eminent, as in the other lines of toilet accessories.

Good judges say that our odors are selected with rare taste and discrimination and that it is a pleasure to make their selections at our store. And doubtless this is true, for we are special selling agents for lines of such known value as

"GET IT AT GILBERT'S"

IN SOCIAL CIRCLES

Out-of-Town Wedding of Interest Here.

The wedding of Miss Ida Thomas Hines, of Bowling Green, who has visited in Paducah and is popular here, to Mr. Hughes Waller, of Richmond, Va., took place at the residence of the bride's brother-in-law, Mr. W. B. Gaines, in Bowling Green, Saturday. The ceremony was performed by the bride's cousin, the Rev. Mr. Frank M. Thomas, of Morganfield. The home of Mr. Gaines was beautifully decorated with smilax and pink carnations, the color scheme being pink and white. Mr. Houston Waller, a brother of the groom, was the best man, and Miss Julia Hobson, the bride's cousin, was the maid of honor. The ribbon bearers were nieces and nephews of the bride, Master Underwood Hines, Master Waller Gaines, Misses Harriet and Mary Hodes.

Little and Hildebrand to Be Guests of Honor.

The Christian Endeavor society of the Kentucky Avenue Presbyterian church will give a reception Thursday evening in the lecture room of the church in honor of Mr. and Mrs. Marshall Jones, who were recently married. A musical program will be carried out and refreshments will be served. Miss Catherine Hovenden, with a piano solo; Miss Mel Nichols in recitation, and Miss Lella Hovenden with a vocal solo will feature the program.

Newell Society Entertained by Mrs. J. T. Gilbert.

The Newell society of the Broadway Methodist church was pleasantly entertained by Mrs. J. T. Gilbert, at her home 423 North Fifth street, Wednesday afternoon. The afternoon was spent sewing for the Easter bazaar. Dainty refreshments were served. It was a pleasant affair.

Glueklein Club.

The Glueklein club gave a dance last night at the "Three Links" building for the club members and a few friends. Twenty couples were present. It was an enjoyable occasion.

Feast of Purim Dance for Children.

The Feast of Purim was celebrated by the children of the Sabbath school of Temple Israel with a fancy dress ball at the Standard club rooms on Monday evening. The prizes for the most taking costumes were awarded to Miss Miriam Welle as "Miss Liberty" and to Master Pels Hecht as "Uncle Sam." Miss Liberty won a silver tumbler and "Uncle Sam" a book. After the awarding of the prizes, the two sang the duet called "A. B. C." from the "Yankee Prince." They made a charming little couple. Sixty children enjoyed the dance and the costumes were most attractive. A pretty supper was served during the evening. A red and white color scheme was carried out in the table decorations. Bunches of red carnations were arranged along the table and each little guest was given a tiny flag attached to a tartan bag, filled with candy and fruit. Ice cream and cake were served. The little folks danced until 11 o'clock.

Delphi Club Met This Morning.

The Delphi club held an interesting meeting this morning at the Carnegie library. The program was a discussion of some of the philosophers and cults of ancient Greece, as follows:
"The Cynics: Antisthenes; Diogenes"—Mrs. Eli Boone.
"The Stoics"—Mrs. George C. Wallace.
"Epicurus and His School"—Miss Kathleen Whitefield.
"Scepticism"—Mrs. D. A. Yeiser.

Antine Musical Club Will Have Attractive Program.

"Ballads and Dances of Merrie England" will be featured in the attractive program to be presented at Wednesday afternoon 4 o'clock at the regular meeting of the Antine Musical club at the Woman's club house.

The program as arranged by the leader for the afternoon, Mrs. William C. Clark, is:

1. Paper—Miss Virginia Newell.
2. Violin Selections—(a.) Smiling Morn. (b.) Evening—Sir Roger De Coverly, arranged by C. C. Saunders—Prof. William Deal.
3. Vocal Solo (selected)—Mrs. John Brooks.
4. Piano Solo—(a.) Tremolo (Gottschalk). (b.) Barcarolle (Nevin)—Mrs. George B. Hart.
5. Vocal Solo—(a.) My Heart and Thyn (Gerald Lane). (b.) The Spring Hiss Come (Maude Valer)—Miss Mabel Shelton.
6. Piano Duet—Lucia de Lamermoor (Donizetti)—Misses Puryear.
7. Vocal Selections—Song Cycle: A. B. C. and D. by Sir Arthur Sullivan—Miss Anne Bradshaw.
8. Vocal Solo—(a.) Phyllis Has Such Charming Graces. (b.) The Lass With the Delicate Air (Old English)—Mr. Emmett Bagby.

Grader Ed Miller for the Planters' Protective association left yesterday for Princeton, Dawson and Guthrie on business.

Mr. John Wilhelm went to Louisville on a business trip Monday.

Mr. Rupert T. Craig, of Dallas, Mr. A. L. Stimmell, of Greensburg, arrived here today on business.

Mr. R. C. Upston, of Fulton, arrived in the city today on business.

Mr. and Mrs. W. S. Arnold, of 810

Bockman street, have returned home from Pine Bluff, Ark., where they were called by the serious illness of their daughter-in-law, Mrs. Arthur Arnold, who is now improving.

Mrs. M. J. Williams, of 1110 Clay street, is ill of bronchitis.

Miss Caroline Saffarans, of Memphis, is visiting Miss May Orme, 321 South Fourth street.

Miss Emily Woods, of Evansville, Ind., is visiting Lorena and Ellen Lillias Beyer.

Mr. Maurice Lagerwall, of Memphis, visited his parents, Mr. and Mrs. A. F. Lagerwall, of 310 North Ninth street, Sunday.

Mr. W. L. Scott left on a business trip to Marion and Williamsburg Monday.

Tex, has returned home after a visit to his mother, Mrs. R. L. Moore, of North Seventh street.

Mr. and Mrs. G. H. Warneken, of Clarksville, will arrive this afternoon for a several days' visit.

Mr. and Mrs. Herbert Pullen, of South Tenth street, have returned from a visit to Mayfield.

Mr. William Hardy returned this morning from a business trip to Mayfield.

Mr. W. V. Eaton went to Benton this morning on business.

Miss Eva Dugger, of Paris, Tenn., returned to her home today after a visit to Miss Mary Harry, 621 Madison street.

Mr. Jefferson Bell, of Ninth and Jefferson streets, is ill of the grip.

Mr. Lloyd Grimes, traveling engineer of the Tennessee division of the Illinois Central railroad, was in the city today on business.

Mrs. K. B. Wilson, who has been seriously ill, is improving.

Mrs. F. N. Burger, who has been very sick with grippe, was reported some better this morning.

Mrs. Charlie Root is quite ill at her mother's home on the south side.

Mr. J. R. Christian left today on a fifteen days' business trip to Louisville and Dayton, Ohio.

Mr. L. C. Lewis left today on a business trip to Louisville and Frankfort.

Mr. Philip Oberhauser, who broke his jaw last week, is resting easy at the Illinois Central hospital. His condition is entirely satisfactory to his physicians.

WANTS BETTER PROOF.

That Standard Got Rebates From Alton or Government.

Chicago, March 9.—The government attorneys in the retrial of the Standard Oil company of Indiana which was resumed yesterday were told by Judge Anderson that unless they introduced further proof sustaining their contention that the oil company accepted rebates from the Alton railroad, they might as well cease their effort to convict.

Anderson, after considerable argument from both sides, admitted tentatively that 1203 of the Alton and the Wiggins Ferry company tariff sheet No. 4, before admitting the documents in this way the court spoke of it as "fatal discrepancy" in parts of the indictment against the Standard Oil.

"If the government can furnish no further proof," said he, "in support of its contentions that the tariff sheets already introduced, it may as well stop."

Anderson agreed with the defense in that no evidence had been adduced proving the connection between the Alton railroad and the Terminal association.

"In the event it is proven that a joint agreement existed between these two railroads the indictment would stand," said the court at one point. "It might also stand if it is shown that the two companies offered concessions."

Attorney Wilkinson for the government, insisted that his object in introducing the tariff sheets of these two railroads was to show proof of publication and intent on the part of the defendant.

Collins-Lewis Match to Be a Winner.

Collins and Lewis, who are to meet at the Kentucky theater next Friday promises to be the greatest battle ever witnessed in the middle-weight class with a possible guarantee. Mr. Lewis, who is a nephew of the famous wrestler known as the "strangler," Lewis comes from a pure wrestling family and is well noted up north and the east. The boxing match will consist of two well known boys that have appeared before public audiences before. The program will be very interesting.

Wheat Held in Farmers' Hands.

Washington, March 9.—The department of agriculture estimates that the quantity of wheat in farmers' hands March 1, was about 21.6 per cent, equivalent to 143,692,000 bushels of last year's crop, and 29.3 per cent, equaling 1,047,763,000 bushels of last year's crop.

Married at Metropolis.

Metropolis, Ill., March 9. (Special.)—George A. Belok, an Illinois central fireman, and Miss Ma Maden, both of Paducah, were married here today by Justice Liggett.

Teacher Must Answer.

Madisonville, Ky., March 9.—Prof. R. Y. Maxey, principal of the public school at Earlington, who is charged with whipping a pupil in his school, has been cited to trial at Madisonville before County Judge Wilson on April 3.

The boy who received the punishment is Carl Useld, of Earlington. For some infraction of the rules, the principal chastised him. The boy and his parents claim that the whipping was unnecessarily severe.

A BLESSING TO PADUCAH PEOPLE

Hundreds of Readers of the Sun Trying This.

This is a simple home recipe now being made known in all the larger cities through the newspapers. It is intended to check the many cases of rheumatism, kidney and bladder trouble which have made so many cripples and invalids and weaklings of some of our brightest and strongest people.

The druggists here have been notified to supply themselves with the ingredients, and the sufferer will have no trouble to obtain them. The prescription is as follows: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce, and Compound Syrup of Sarsaparilla, three ounces. Mix by shaking well in a bottle. The dose is one teaspoonful after each meal and at bedtime.

Recent experiments prove this simple mixture effective in Rheumatism, because of its positive action upon the eliminative tissues of the kidneys. It compels these most vital organs to filter from the blood and excrete the waste impurities and uric acid which are the cause of rheumatism. It cleanses the kidneys, strengthens them and removes quickly such symptoms as backache, bladder disorders, bladder weakness, frequent urination, painful scalding and discolored urine. It acts as a powerful stimulant to the entire kidney and bladder structure.

Those who suffer and are accustomed to purchase a bottle of medicine should not let a little inconvenience interfere with making this up.

CHRISTIAN

SCIENCE SCORED IN SERMON BY BAPTIST MINISTER.

Members of Cult at Lexington May Reply to Strictures of the Rev. Dr. Porter.

Lexington, Ky., March 8.—A decided sensation was caused here by a Christian Science sermon when the Rev. Dr. J. W. Porter, pastor of the First Baptist church of this city, preached a strong sermon against Christian Science, declaring it a fake so far as its healing powers are concerned, and candidly criticizing Mrs. Mary Baker Eddy, the head of the Christian Science movement.

Dr. Porter had previously announced that he would expose Christian Science methods and quite a number of the members of that cult were in the audience. O. R. King, clerk of the First Baptist church here, stated that Judge L. H. Lyles, corresponding secretary for the Christian Scientists of Kentucky, whose home is in Louisville, would probably be asked to come to Lexington and in a public address answer the criticisms of Dr. Porter.

PET LIFE HACK

Norfolk, Va., March 9.—Restored to life by a newly invented respirator after lying apparently dead for several hours is the thrilling experience of Moses Goodman, of this city, who was accidentally asphyxiated by gas in his home in the eighth ward Friday night.

The machine with which the man was miraculously restored to life is the invention of Professor Poe and is a combination of oxygen generator and respirator. This was the first time it has been used in resuscitating a human being. Hitherto it has been used only in experiments on cats, dogs and rabbits, which were revived successfully after having been apparently killed by chloroform.

When Goodman was discovered lying apparently lifeless in his room with the gas turned on he was hurried to the Lawford Sanatorium. Two pints of blood were taken from his arm and a thousand cubic centimeters of saline solution was injected to take the place of the gas-poisoned fluid.

The saline solution had no perceptible effect on the heart.

Dr. Lawford had one of Professor Poe's oxygen generators and respirators in his hospital and he resolved to try it as a last resort.

Gallon after gallon of pure air was pumped into Goodman's lungs and he began to breathe again. The very slight natural respiration that existed when the man was brought to the sanatorium was accentuated by this treatment and by the injection of powerful stimulants, and after a while the use of the respirator was discontinued.

The generator was kept busy all day, however, until the man had been completely revived.

BART A. JAMES

WELL KNOWN IN PADUCAH DIES AT CLARKSVILLE.

Formerly Resided Here and Was a Member of Local Camp of Confederate Veterans.

A message was received this morning by Adjutant Joseph Ullman, of the James T. Walbert camp of Confederate veterans, announcing the death of Bart A. James at Clarksville, Tenn.

Mr. James was 61 years old and had many years lived in Paducah and had many relatives and friends in the city. He was a traveling salesman for an Evansville shoe house and Paducah was in his territory. He was born and reared in Eddyville, where he enlisted at the outbreak of the Civil war in Cobb's battery, and served throughout the war with distinction. At the close of the conflict he settled in Paducah and was married to Mrs. John Saunders, who was before her first marriage, Miss Hobbie Cobb, and who with several children survive. The funeral arrangements have not been announced.

MRS. ED OVEY

Dies After Long Illness of Tuberculosis.

Mrs. Ed Ovey, 30 years old, died this morning at the New Richmond hotel, after a long illness with tuberculosis. One week ago she arrived in Paducah from Florida, where she had been several weeks in an effort to regain her health. Her husband recently purchased a produce house in the city, and had entered business. Kuttawa was the home of Mrs. Ovey, and she was born and reared there. She leaves her husband, Mrs. Ovey was a woman well liked by many friends, and was of a bright and cheerful disposition despite she had been in failing health for several years. The funeral will take place tomorrow afternoon in Kuttawa with burial there also. The body will be shipped to Kuttawa tomorrow at noon.

Master Mechanic J. H. Nash, of the U. C. went to Princeton today on business.

QUIET

**WILL REIGN IN THE BALKANS
FOR A TIME.**

Serbia Has Until April to Reply to Austria—Russia Not in Position to Fight.

Berlin, March 9.—Since the Austro-Hungarian government has named March 31 as the limit within which it expects Serbia's reply, following the interview which Count Fargach, the Austrian minister at Belgrade, had with the Serbian administration yesterday, it is believed here that no striking development is likely in the Balkan situation until that period draws to an end. Count Fargach, in addition to not-

ifying Serbia that his government was not in a position to submit a renewal of the commercial treaty between the two countries for parliamentary sanction, also informed the Serbian government that Austria cherished the confident hope that Serbia would notify his government that she had decided to change her policy with regard to Bosnia and Herzegovina, and that it was her intention to maintain peaceful relations with Austria-Hungary.

The German foreign office considers a peaceful settlement between Austria and Serbia, acting alone, as probable. Austria's note with regard to the matter is described semi-officially as conciliatory and not in the nature of an ultimatum. It appears to be the conviction that Russia is not in a position to hazard a war in behalf of Serbia, as her internal political situation is such that no guard regiments could be sent from the capital, nor could the other garrisons be reduced much below their present strength. It is thought, too, that

should Russia become involved in war, Russian Poland would be likely to rise in insurrection. This would mean vast expenditures, the result of which would be national bankruptcy. France also would be unwilling to give her consent to Russia's risking war, for the reason that so many millions of French capital are lavished in Russia.

In order to have good, healthy, perfect digestion keep your stomach well by taking Kodol for Dyspepsia and indigestion occasionally—just when you need it. Pleasant to take. Sold by all druggists.

New Library Books.

The following is a list of new accessions at the library which arrived too late to be published under their respective classifications:

Lie, Weird Tales from the North Seas; Warner, Physical Expression; Bastiat, Essays on Political Economy; Mallock, Religion as a Credible Doctrine; Yonmans, Culture; Twing,

College Training; Elliot, Present College Questions; Armstrong, Translational Area in Thought; Hill, Athletics for Women; Bradford, Popular Government; Lane, Level of Social Motion; Aria, Costume; Compayre, Later Infancy of the Child; Evans, Ethics of Animal Psychology; Coolidge, Old Convent School; King, Comedies of Marionettes; Booth, Lights of Childhood; LaFarge, Higher Life in Art; Audubon, Life of Audubon; Fagan, Confessions of a Railroad Signalman; Strong, Social Progress; DeVere, Poems; Reeve, Practical Authorship; Cambridge Modern History, V. 11; Royce, Race Questions; Dutton Public Administration.

DeWitt's Carbolic Witch Hazel Salve penetrates the skin and heals quickly. It is especially good for piles. It is sold by all druggists.

Too many men wait until they have been done to a turn before turning over a new leaf.

SALOONS FORBIDDEN.

St. Louis Police Authorities Heed Request of Pastors.

St. Louis, March 8.—The St. Louis police department notified Dan Fishnell, manager of the Garrick theater here, that beginning today Gertrude Hoffman will not be permitted to give her "Spring Song" and "Salome" dances here clothed only in light drapery.

Captain Young, who notified the theater manager, said protests from a delegation of 12 pastors, and written protests from the Federation of Catholic societies and Young Men's Christian Association had been received and from reports the police considered these dances immoral and obnoxious.

Archbishop Glennon in a Lenten sermon denounced the stage as immoral, and warned Catholics not to patronize theaters. Gypsy Smith caused a Kansas City court to enjoin Gertrude Hoffman from continuing her objectionable dances.

Leg Broken in Accident.

Joe King, who lives on the Calro road, just outside the city limits, was run down by two buggles while riding a bicycle, and his right leg was broken at the hip. He was carried into a grocery at Ellenwood place on the Calro road where Dr. J. D. Robertson was summoned to attend him. After reducing the fracture Dr. Rob-

ertson turned him over to the county physician.

DeWitt's Little Early Risers are small pills, easy, gentle and certain, and are sold by all druggists.

Any man who thinks more of a dollar than he does of his self-respect is in the insult-proof class.

LARK'S KIDNEY GLOBES

**Guaranteed Cure
for all Kidney and
Bladder Diseases.**

**SMALL AS A PILL
EASIER TO TAKE**

Two doses give relief, and one box
will cure any ordinary case of Kid-
ney or bladder trouble. Removes
Gravel, cures Diabetes, Seminal
Emissions, Weak and Lame Back,
Rheumatism, and all irregularities of
the Kidneys and Bladder in both
men and women. Sold at 50 cents
per box on the no cure no pay basis
by McPherson's Drug store, Fourth
and Broadway, sole agent for Padu-
cah, or sent by mail upon receipt of
price by Lark Medicine Co., Loui-
ville, Ky.

NOTICE.

I urgently request all persons in-
debted to me to make settlement be-
fore the first day of May, 1909, as I
will after that date bring suit on
every unpaid note and account due
me. Now your account is to each of
you a small matter, while the whole
is to me very important. I shall deal
with all alike: If you don't pay you
may know that you will be sued,
whatever your name or color may be.
I hate to do this, but I am forced to
it in self-defense. If you have not
the money and will borrow it to pay
me in full by the first day of March,
1909, I will deduct 10 per cent from
your account, thereby paying the in-
terest myself. Is this not as fair as
any sane man can ask?

A Gentleman From Mississippi

By THOMAS A. WISE

Novelized From the Play by Frederick R. Toombs

COPYRIGHT, 1903, BY THOMAS A. WISE

(Continued from last issue.)

CHAPTER XIII.

AN OLD FASHIONED FATHER.
CONGRESSMAN NORTON was
startled visibly at the sight of
Carolina and Haines appar-
ently so wrapped up in each
other. Perhaps she was getting inter-
ested in the handsome, interfering sec-
retary. That a woman sometimes
breaks her promise to wed he well
knew. Pinnly Carolina was carrying
things too far for a girl who was the
promised wife of another.

Carolina and Haines showed surprise
at Norton's entrance.

The congressman advanced and spoke
sneeringly, his demeanor marking him
to be in a dangerous mood.

"Do I intrude?" he drawled delib-
erately.

Carolina drew away her hands from
Haines and faced the newcomer.

"Intruder!" she exclaimed contemptu-
ously, a tone that Norton construed as
in his favor and Haines to his own.

"Intruder!" Haines laughed scorn-
fully, feeling that now he was leader
in the race for love against this Mis-
sissippi representative, who was, he
knew, a subservient tool and a taker
of bribes.

"You surely do intrude,"
Norton. Wouldn't any man who had
interrupted a tete-a-tete another man
was having with Miss Langdon be in-
truding?"

"I suppose I can't deny that," he re-
plied.

The secretary smiled again.

"I'll match you to see who stays,"
he said.

But Norton's turn to defeat his rival
had come. He held out a paper to
Haines.

"Senator Langdon gave me this for
you. I reckon I don't have to match."

The secretary opened the note to
read:

"Where in thunder does that hy-
drate come from—South America or
Russia? How much off on the tariff
on the creature do we want? Come
over to the committee room, where I
am, right away. Say it's an urgent
message and get in with a tip."

The secretary looked up, with a
laugh.

"You win, Norton. I'm off. Good-
bye." And he started on a run to the
senator's aid.

Norton turned angrily on the girl as
the door closed.

"See here, Caroline," he cried, "what
do you mean by letting that fellow
make love to you?"

Carolina Langdon would not permit
rebuks, even from the man who cared
for her. She tossed back her head and
said coolly:

"Why shouldn't I let him make love
to me if I choose?"

"You know why," exclaimed Norton,
his dark face flushing sullenly. "Be-
cause I love you and you love me!"

And he seized her and pressed her to
him. "That is why," he cried, and he
kissed her again and again.

"Yes, I love you, Charlie; you know
that," Carolina said simply. She was
conquered by the southerner's master-
fulness.

"Then why do you stand for that
whippersnapper's talk?" asked Norton
perplexedly.

Carolina laughed.

"Don't you see, Charlie, I have to
stand for it? I have to stand for it
for your sake, for Randolph's sake,
for my own sake, for all our sakes.
You know the influence he has over
father."

"He can make father do anything he
wants, and suppose I don't lead him
on? Where's our project? Let him
inspect a thing and let him go to
father, and you know what will hap-
pen. Father would turn against that
Altaoola scheme in a moment. He'd
beggar himself, if it were necessary,
rather than let a single one of us make
a dollar out of a thing he had to do-
cede."

"You're right, I reckon, Carolina."

EAT AND GET THIN.

This is turning an old phrase face
about but modern methods of reduc-
ing fat have made this revision pos-
sible.

If you are overfat and also averse
to physical exertion and likewise
foud of the table and still want to
reduce your excess flesh several
pounds, do this: Go to your druggist
(or write the Marmola Company,
Detroit, Mich.) and give him (or
send them) 75 cents. For this mod-
est amount of money the druggist
will put you in the way of satisfying
your ambition for a nice, trim, slim
figure. He will hand you a large
case of Marmola Prescription Tablets
(compounded in accordance with the
famous Marmola Prescription), one
of which you must take after each
meal and at bedtime until you begin
to lose your fat at the rate of 12 to
16 ounces a day. That is all. Just
go on eating what you like, leave
exercising to the athletes, but take
your little tablet faithfully and with-
out a doubt that dabby flesh will
quickly take unto itself wings, leav-
ing behind it your natural self, neat-
ly clothed in firm flesh and trim
muscles.

Dr. King Brooks, Dentist

Trueheart Building, up-stairs,

next to Catholic church.

Office hours 7:30 a. m. to 5:30 p. m. Old phone

562-a residence phone 13.

said Norton defectively: "Your father
is a real type of the southern gentle-
man. He hasn't seen any real money
in so long he can't even bear to think
of it. Somebody's got to make money
out of this, and we should be the
ones."

"We'd lose frightfully, Charlie. If
they changed to Gulf City, wouldn't
we?" said the girl apprehensively.

"Do I intrude?"

"I'm horribly afraid sometimes, Char-
lie. That's why I came here today. I
wanted to influence Haines, to keep
him straight. Is there any danger that
they'll change? You don't think there
is, do you?"

"Of course not, child. Stevens has
got his money in, and Peabody. There
are only five on the committee. It's
bound to go through."

"Then why is father so important to
them?" asked Carolina.

"I don't see how he's done it, but
the whole country has come to believe
whatever your father does is right,
and they've got to have him."

"And father is completely under the
domination of this secretary," morn-
ed the girl thoughtfully.

Norton nodded.

"We've got to get rid of him, Caro-
lina. That's all there is to it. He has
to go! When it comes to bossing the
senator and making love to you, too,
he's getting too strong."

"How can you do it?" she asked.

"You know when father likes any one
he won't believe a thing against him."

Norton agreed sorrowfully.

"That's right. Seems like the sena-
tor's coming to think more of this fel-
low than he does of his own family."

Before the committee was a peti-
tion signed by 100 business men re-
questing the committee to bring an
ordinance requiring the traction
company to run the Union station
street car from Third street and
Broadway to First street and Broad-
way, a distance of two squares. Much
discussion was indulged in, and no
action was taken by the committee,
and the petition will be taken up at
the next meeting. Mr. F. E. Reli-
head, manager of the traction com-
pany, was present and in the mean-
while will consult with the men sig-
ning the petition, many of whom he
claims signed the paper for the bene-
fit of a few, who had it drawn.

Mr. Relihead said the only solu-
tion to running the Union station car
to the river without a general change
in the street car schedule and slower
time was the building of a double
track to the river, which would cost
about \$6,000. Present conditions
would not justify the expense now.
He cited that the franchise read that
in street car should be run over the
Union station line every hour, and
that the Rowlandtown line and the
Union station lines were separate, but
transfers were given passengers from
either line.

City Solicitor James Campbell was
instructed to bring in an ordinance
for the creation of the office of back
tax collector. His fee will be 25 per
cent. It is asserted that there is
about \$25,000 due from this source.

The question of drawing an ordi-
nance compelling broom peddlers to
pay a license was referred to the city
solicitor for investigation.

Action was deferred indefinitely on
the question of drafting an ordinance
preventing a saloon keeper or any
employee to enter his place of busi-
ness on Sunday. The members ex-
pressed themselves as seeing no rea-
son to draft such an ordinance. As
a remedy to prevent the keepers from
violating the closing hours, Alder-
man Durrett suggested that a good
remedy would be turning over the
keys to the members during the clos-
ing hours.

An ordinance will be drafted for
the improvement of an alley between
Meyers and Clements streets in Me-
chanicsburg.

INCENDIARISM

STRONGLY SUSPECTED IN TO-
BACCO FIRE.

The Association Prizing House Near
Springfield, Tenn., Burns With
100,000 Pounds of Tobacco.

Franklin, Ky., March 9.—A tele-
phone message from Springfield,
Tenn., received yesterday states that
the association tobacco prizing house
conducted in that county by John W.
Huffman, was destroyed by fire Sun-
day.

It is thought to have been the work
of an incendiary. One hundred and
four thousand pounds of tobacco be-
longing to the farmers of that section
were stored in the factory for prizing.
This tobacco was insured for
\$4,000 less than half its value.

Understanding others is due to
the opposite error in regard to our-
selves.

COMMITTEE ASKS COUNCIL TO ACT

On Ordinance Regulating the
Storing of Oil.

Has Been Referred Back From the
Legislative Bodies Several Times
for Purpose of Delay.

WANT CAR LINE EXTENDED

Either the council must adopt or
kill the ordinance regulating the
storage of oil in large quantities in
the city was the way the members
of the joint ordinance committee felt
last night when they met to thrash
out the oil question. The ordinance
has been before the council several
times, but the councilmen would find
fault somewhere and back it would
go to the committee. Now the com-
mittee has become tired and the
members express themselves that the
ordinance must be passed on some
way.

The members of the committee
considered that the permission of al-
lowing the tanks of the Standard Oil
company with great quantities of oil
to remain in the heart of the city
with many thousands of dollars
worth of property surrounding was
exceedingly dangerous. The objec-
tion was made by Fire Chief Wood,
who had to fight a fire on the grounds
several months ago. The new ordi-
nance calls that the company shall
not be closer to the city limits than
one mile, as the city has jurisdiction
for a radius of a mile in legislation
of this character. One member sug-
gested that the company could store
oil outside the city limits and bring
it into the city by a pipe line. After
a lively discussion Alderman Durrett
moved that the ordinance be referred
back to the council and Councilman
Ven Meter seconded the motion,
which carried unanimously. The new
ordinance provides that quantities of
oil shall not be in the city over six
hours. If the company is compelled
to remove its plant beyond the city
limits as advance in the price of oil
is expected, but this was considered
immaterial when so much property is
in a dangerous condition.

Before the committee was a peti-
tion signed by 100 business men re-
questing the committee to bring an
ordinance requiring the traction
company to run the Union station
street car from Third street and
Broadway to First street and Broad-
way, a distance of two squares. Much
discussion was indulged in, and no
action was taken by the committee,
and the petition will be taken up at
the next meeting. Mr. F. E. Reli-
head, manager of the traction com-
pany, was present and in the mean-
while will consult with the men sig-
ning the petition, many of whom he
claims signed the paper for the bene-
fit of a few, who had it drawn.

Mr. Relihead said the only solu-
tion to running the Union station car

S.S.S. NATURE'S CURE FOR BLOOD POISON

S. S. S. is known as Nature's Cure for Contagious Blood Poison because
it is prepared entirely from the blood purifying and healing extracts of roots,
herbs and barks taken directly from the natural forests of the land. It does
not contain the least particle of strong mineral ingredients, and is so pre-
pared as to aid in the upbuilding of every portion of the system, while driv-
ing Contagious Blood Poison from the blood. No unpleasant effects ever
follow the use of S. S. S., such as stomach troubles, dyspepsia, mercurial
rheumatism, etc., as is so often the case where other medicines are used.
S. S. S. goes down to the very bottom of the trouble and gently but surely
drives out every trace of the disease, cleanses and purifies the circulation, and
by its fine vegetable tonic effects, assists the system to rapidly overcome the
ravages of the disease, and regain its natural healthful condition. S. S. S.
does not cover up or hide the symptoms for awhile, to break out later, but
so thoroughly does it remove the cause that no signs of the trouble ever re-
turn. S. S. S., Nature's cure, is the surest and safest remedy for Contagious
Blood Poison. Home Treatment Book with valuable suggestions and infor-
mation, and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

week. Especially was the activity
apparent in sales of new tobacco
loose, more than a million pounds be-
ing sold in the various deals that
were put through. Old tobacco suf-
fered in consequence, there being
practically no demand for it. Prices,
as one dealer expressed it, were "fev-
erish" and high.

The sale of 600,000 pounds of the
Longview pool was ratified on Satur-
day,

Sale of *B. Ogilvie's* PADUCAH, KY.

This Great Matting Shipment Begins Tomorrow

THE PADUCAH EVENING SUN

A SHIP LOAD OF MATTING

Mammoth Shipment Received By L. B. Ogilvie & Co. From China.

NEWEST AND CHOICEST PATTERNS EMBRACED IN HUGE SHIPMENT.

ANNOUNCEMENT OF SALE IN FEW DAYS.

From far off sunny China, through the billowy waters of the mighty Pacific and across the continent to Paducah, marks the voyage of the mammoth shipment of matting received in Paducah Saturday by L. B. Ogilvie & Co.

To be one firm of three to purchase a ship load of matting is the record established by the well known Paducah retail establishment of L. B. Ogilvie & Co.

This firm, together with two others, purchased a ship load of matting, having it shipped direct from Canton, on board the good ship Mongolia, which unloaded its cargo at San Francisco, from which point the three firms had their respective portions shipped to the desired points.

The shipment to L. B. Ogilvie & Co., which reached Paducah Saturday, is possibly the largest single shipment of this necessary household furnishing ever received here. By buying the matting in this manner, a great saving is gained by L. B. Ogilvie, which saving they will share with their customers to a substantial degree.

The broker, the jobber and the middle man are thus eliminated, with the natural result that the public will be able to buy matting in Paducah this season at a price which will be tempting, to say the least.

This shipment of matting embraces the highest type with a variety of patterns, sufficient to satisfy the most exacting.

This shipment, large as it is, does not represent the extent of this firm's matting purchase, as they are expecting the arrival in a few days of as much more from far Japan. The matting business of this firm has increased to such an extent the past few years that they were forced to buy in quantities such as we evidence this season. The public is the winner thereby.

As an evidence of the extent of the firm's matting trade a substantial order was received the past week from Delandena, Fla., which was filled promptly.

To better acquaint the general public with the rare values to be offered in matting this season, L. B. Ogilvie will in a few days announce a mammoth matting sale which will eclipse any similar event ever held in Paducah.

OUR Matting business this year will eclipse all previous years in both value giving and quality. We will offer the community, beginning Wednesday—tomorrow—over 20,000 yards of new Jap and China Matting at prices 25% below regular retail values.

BUY YOUR MATTINGS NOW AND SAVE 25% ON THEM DURING THIS SALE.

Out-of-town customers who cannot attend this sale can trust to our selection. Just mention color, style and price. We are filling orders daily by this method.

If you are not ready we will store them free of charge.

B. Ogilvie's PADUCAH, KY.

SUNDAY SCHOOL

UNION OF WEST KENTUCKY ASSOCIATION.

Next Thursday night and Friday the Sunday School Union of the West

Kentucky association will meet at the Second Baptist church on South Ninth street. The meeting was intended to be held in February, but owing to a revival that was in progress, it was postponed. The program is an interesting one, and a large attendance is expected. The program will begin Thursday night and continue all day Friday. The program is:

Thursday Evening.

7:30—Devotional Exercises—Rev. J. P. Riley.

3:00—Organized Classes:

(1) Baraca—Prof. W. A. Evans.

(2) Philathes—H. K. Lukens.

8:30—The Master Teacher—Rev. W. J. Mahoney, state Sunday school secretary.

Friday Morning.

9:30—Devotional Exercises—The Rev. J. R. Stewart.

9:40—Report from all Sunday School's in the association.

10:00—Teachers:

(1) The Qualifications—Mrs. Frank Wahl.

(2) Their Responsibility—John W. Gholson.

10:40—The Church and Bible School:

(1) The Pastor—(Deacon) A. M. House.

(2) The Deacons—(Pastor) T. F.

9:40—Report from all Sunday School's in the association.

(3) The Members—(Pastor) T. M. Magee.

Afternoon.

1:00—Devotional Exercise—The Rev. J. H. Ballance.

1:15—The Ideal Superintendent—The Rev. M. E. Dodd.

1:45—Round Table on Primary Work:

(1) Order—Mrs. D. E. Wilson.

(2) Miss—Miss Courtie Puryear.

(3) Punctuality—Jesse Bell.

2:30—How to Hold in Sunday School:

(1) The Big Boy—Edward Ransom.

(2) The Big Girl—Miss May Ellis.

3:00—Report of committees.

Recovery From Operation.

Miss Nell Caldwell, 1516 Jefferson street, is recovering after an operation for appendicitis, and is expected to be out soon. A coincidence is that her sister, Mrs. S. R. Millam, who was en route to Texas on a visit, was taken ill on the train with appendicitis and was placed in the hospital at Greenville, Tex. She was operated on and now is convalescent.

England's food importations average about \$16 for each inhabitant. One poor turn deserves another—the organ-grinder's viewpoint.
